

Kansas Breastfeeding Friendly Child Care Designation Application Information

Child Care Aware® of Kansas would like to recognize child care providers in Kansas that provide support to breastfeeding families and employees through the *Breastfeeding Friendly Child Care Designation*. To receive the designation, child care providers must meet five criteria that demonstrate a culture of breastfeeding support. Programs receiving the *Breastfeeding Friendly Child Care Designation* will receive a certificate, a window cling and be recognized in the Provider Profile information that is distributed through the Child Care Aware® of Kansas Referral Center to families looking for child care.

Requirements for a Breastfeeding Friendly Child Care Designation facility

- Creates a culturally appropriate breastfeeding friendly environment.
- Has written policies that reflects their support of and commitment to breastfeeding mothers.
- Supports and provides accurate information to breastfeeding mothers and family members.
- Ensures that all staff are trained in the skills to support and promote breastfeeding.
- The facility has written policies that reflects their support and commitment of breastfeeding employee's.
