

TOGETHER

WE CAN MAKE A BIG DIFFERENCE

Are you an IBCLC who wants to help mentor the next generation of lactation consultants, but the administrative burden and expense of creating a training program is too much? ***We have the solution for you!*** We will match you with a qualified student who is prepared to gain clinical experience and has met all other requirements to sit for the IBCLC exam. We provide all the tools you both need to succeed...and your community gains access to diverse lactation professionals to serve families into the future. *That's a WIN for all of us!*

Join us today to help create a more equitable future for families in Kansas!
